“ *Alison and I went to elementary school, and high school. Ironically, we also attended some of the same college together. Of the many memories from all these years, one I recall now so vividly is while sitting adjacent to Alison during our first week of college philosophy class. How comforting it was to see such a friendly and familiar classmate when first away from home! I will always recall her warm and friendly smile, and her personality. My deepest condolences to her whole family.*

Rick Howard - April 26, 2016 at 08:41 PM

I too was a childhood elementary school classmate and saddened to hear the news. My deepest condolences to her family, her children and loved ones. Stay together and remember all the good times and that will ease the loss a little.

Kind regards,

--Joe Flavin (Chester County, PA)

“ *It is with a sad heart that I write to express my condolences to Alison's children--Justin, Dalton and Logan--and to Alison's mom, as well. My admiration and respect for your mom/daughter has been long-standing. We both helped each other in our times of need and had lots of fun together. I hope all of you family members--and Alison's other friends--will always remember her kindness to all, and her selfless love to her children and family. She will also be remembered as an able professional and guiding light to many in her field. Her memory will be with me always. And my prayers will be for all of you who are touched by the sadness of her departing.*

Much love to all the family. Bettye Lynn

“ *To Justin, Dalton, and Logan,*

I worked with your mom, and also considered her my friend. She was a wonderful, smart woman. My condolences for your loss. She, and you, will be in my family's prayers.

Yates

“ To Alison's family,
I am so sorry for your loss. I went to school with Alison and she was loved by everyone. Please know that you are in my thoughts and prayers.

MD

“ To Justin, Dalton and Logan,
I have known your Mom since she started working in Baytown, probably over 20 years ago. I'm so sorry for your loss. I am out of state and will not be there for her services. I wanted to share with you that I knew your Mom when each of you were born. I too have 3 boys so besides that, we had so many other things in common. I can tell you that she loved you dearly and I know she will be forever in your heart with great memories of times you've shared with her over the years.

I am placing a book in the library in memory of your Mom. Since I do not know an address for your boys, I am hoping you will receive the notice from the address of the services.
