“ *Tiny, as she was affectionately known to family and friends, was my schoolmate at Lake Road Elementary School. I always enjoyed laughing, playing and talking to her, and did she love to talk. Her willingness to help anybody at any time is what I will always remember her for as well as her beautiful smile. Rest in peace dear sister. You will truly be missed.*

“ *Tiny as I have always known her as, will be greatly missed. I've known the family for many years. She had a very nice grandmother, who used to live in the neighborhood, back in the day. Anita (Tiny) will be greatly missed.*
