“ *Long before Auntie had her beautiful granddaughters she had always wanted a girl and treated me as a honorary daughter and even took me in to live with her for a time. I am as grateful as she was for Tia, Angel and Sierra to come into her life. You all were truly blessings to her and I admire you for coming together to care for her when she needed you the most. All of her sons, grandkids, nieces, nephews and extended family were very special to her as she was to us. Now that she has gone on to join the Angel siblings that have left before her, may she rest in peace.*
