“ Barbara was very active with our class of 1962 from Lincoln High School. She participated in every event we had, except for the last one (our School Reunion held last weekend, 7/15/17). I really missed her. I found out about her transition at the Banquet, and was in shock the rest of the night. I am the person in our class that reads the Class Resolution. If it is okay with the family, I would like to do so at Barbara's Final Rites. If not, I will have a Class Resolution to present to the family.

“ *The Palmore family became my family in 1964. Barbara was our driver when we wanted to ride around, because Verne Ann n myself were younger. The family made me feel like I was the youngest sister. My prayers go out to the family. To my sisters I'm here.*

*We were at our high school reunion banquet Friday night when we learned of Barbara's transition. We were all very sad to hear this knowing our classmate would no longer share in the class' activities. She was very faithful and dependable in attending all activities until her health declined. Sometimes it's hard to see through our tears. But even when we can't see, God has promised to be there loving us, strengthening us and giving us what we need to face each day. Please know that the kindest thoughts and prayers are with you at this difficult time.*
