“ *Never in a million years did we think we would be having to do this. We're still in shock. We'll miss and love you forever. You're definitely irreplaceable, one of a kind, unique loving man even though you don't want people to know. I can't believe you're gone. I love you bro. The biggest heart hidden behind the asshole facade. We'll keep your memory alive but rest easy little brother with the ones who have gone before us.*
