“ *Im sitting here trying to think of a memory of Chance to share, and I have so many of them it's very hard to pick one.*

Chancy lived his life yo the fullest, and when I say he lived his life I really mean he lived it.

Soany memories of chance run thoroughy mind and it's hard to pick just one because anyone who knows chance has way more then one or a few there's tons.

He was a wonderful friend and he was like my brother.

He was always there for me and he was always there to say get up get moving and live life it's great.

One of my favorite memories of chance was a trip to Silverton Oregon during October fest.

We rode bikes out to Silverton Oregon and it was just great fun I was not in the best shape but chance encouraged me to keep going and we finally made it.

We hung out with brother will and a few others I can't recall the names of at this time.

Chance helped me to pick up the pieces of my shattered life and start to enjoy it and live it once again!

His passing has left a big mark forever on my heart.

I will miss him greatly.

I know I was looking forward to him and his wife getting back up here to Oregon from Texas.

I was looking forward to building tons of new memories with the two of them.

I know that he is going to be greatly missed by all who knew and loved him.

Chancy you were one of my favorite people and I'm very lucky to have met you.

You made life and living life so much better.

I miss you brother can't believe your gone.

We will watch out for Peggy for you I promise you that good buddy. I know how much you loved her so please know that we will watch over her.

Rest easy see you again my friend.

Love always your friend and sister.
