“ Oh my goodness I was wondering about Charlotte and find she has passed away. I am so saddened by this news. She was so full of life and sunshine. I'll never forget the science classes we taught together, the ultimate birthday she helped me plan for my daughter, the amazing farm she created for her family, and the countless laughs we had together. Her daughter and mine were so cute together as well. I'm so sorry our friendship fell apart. I wish I had known about her struggles. If her sweet babies would want to talk I'd love to visit with you. Hugs. Cara Stepanik, Lauren's mom.

“ Every once in a while I think about my high school career and the one thing that I always go back to is her class. Every time I start thinking of her class I can't help but smiling. She was always full of love and always willing to help me when I needed. She made school fun. I will always be thankful that I was able to have her in my life. Thank you for the big impact that you had on me and the rest of your students and people around you.

“ I just found out about Charlotte, and I am so very sad. I worked with Charlotte at the preschool and she was an amazing teacher and a good friend. She was always a bundle of energy, loved the children, and was a fantastic Science teacher! She was such a sweet and kind soul. May you rest in peace sweet Charlotte. 💔

KS

“ I am so very sorry to hear about Charlotte’s passing. She was my son’s beloved preschool teacher & contributed so much with her Science program as well. She was loving, kind, and always went above & beyond what was expected. She had endless energy & was able to juggle many balls in the air at once, literally and figuratively. Her passion for animals was contagious and helped to fuel my love for farming. We have lost such a beautiful soul. Rest in peace Charlotte.

“ Mrs. Schramm was the best science teacher! I had the privilege of working with her in two different districts and she always was happy to be at work. I know she will be missed by many. Prayers to the family.

BP

I knew Charlotte from Brenham High School, where she was valedictorian of 237 graduates in 1991. I had almost every class together with her (including band, where she played clarinet). Charlotte was very focused and disciplined in her schoolwork, yet she was kind and gentle to her friends and fair and respectful to all. She was a lovely person to be around, good-natured, and often saying just the right things to bring a smile to others. She was my favorite person in the entire school. I know she will be missed. Condolences to her family.
