“ *She was one of a kind. Free Spirited, heart of gold and such a beautiful soul.*

I loved hearing her tell stories of riding her skate board on the seawall. Of how she would baby sit children while her parents bowled every week. She loved her family more then life. She never felt handicapped, only challenged in some areas. She taught me that there's nothing a person can't do. She is whole again and with her family in heaven.

I loved her and will deeply miss her.

“ *In life she was never handicapped she may have done it a bit different but the end result was the same she did it her way! Where she is now she has her arms and legs and is Dancing in the clouds and bowling with her mom and dad. You will always be remembered Delores by every one you knew and you'll always be in my hart save a place for me my angle*
