“ MOMA was the surrogate mommy to many. I was one of those children. She was a loving, caring, kind woman and would do anything to make sure you felt like you was family. I was introduced to her by my best friend of 40 years Freda her baby girl. Thru those years I had so many beautiful memories . MOMA I did not get a chance to tell you how much I love you, but i loved you very much and will miss you! Family stay strong and hold on to your wonderful memories of your mom, grandmother, greatgranddmaand so on she was a phenomenal woman that will be miss!!

“ *Our family has suffered a Great loss! As her Neice, I loved and admired her for as long as I can remember. I was always excited when she came to town! The laughter and joy in her filled every crevice. Her robust voice echoed the very depth of my soul. She was a people person, so welcoming. I recognize so much of her in me! To my cousins, you're not alone. We grieve with and for you! A powerful light has been dimmed, but remember it shines on in us! I love you all as we communicate more and cling to each other even more!*
