“ *I am so sorry for you and your families loss. I had the pleasure of working with George at the Gulf Coast Center. His work ethic was so compassionate. George worked with me in the homeless supportive housing program and was very devoted to the consumers he served. I know those consumers are feeling the loss we all are. I will miss George as well as all the staff in this program will. May he Rest In Peace now and hope the family can find some peace in this loss. Peace be with all of you.*

ER

“ Mr. Pratt and I worked at TDCJ Hospital Galveston many years together. I was a nurse and he was a officer. He was a very nice and professional individual, always attentive to his duties at hand, never slacking or distracted. I called him “Pratt” never knowing his first name. We always felt safe in the jail part of the hospital at night with this gentle giant. He loved his family so much and that’s all I knew about him. May God comfort his family and may he rest In Peace. Gone too soon.

“ I has the honor & privilege of working with Mr. George Pratt at Kranz, Jr. High School in Dickinson, Texas. George was so kind and always helpful. He was dearly loved by students and respected and appreciated by teachers. I knew George to be a loving and devoted husband to his beautiful wife Ladonna, and he always spoke of his family with such pride. George was taken from this Earth too soon, but I can just imagine him helping all the Angels and Saints in Heaven. He will certainly fit right in.

SO

*It is so hard to write this at this time. George is the reason my son Richard is alive today.*

*George was my son Richard case worker at The Gulf Coast Center for years until he retired from there. Even after that he continued to be a dear friend to Richard and our family.*

*I could call George at any time when needing help with Richard. He never ever let us down. I will cherish all the text messages I have from him for all holidays and events. I think the last one I got was for thanksgiving. When George left the GCC things changed its was like the love and care for the consumers left with him. He was the heart and soul that really loved the mentally ill and cared what happened to them. A huge hole has been left in our hearts. He loved our family and Richard and his children knew that. When I fell and broke my arm so bad in Galveston on a family vacation that it was a 9 hour surgery to repair who do you think was at the hospital within minutes of the ambulance getting me there (George). Who do you think sat with the family during the surgery George. And when all this was overwhelming for my son who do you think was there to take over with him. George . I could take forever and write about this man who made it easier to be a mom of a mentally ill son.*

*He loved*

*He cared*

*His heart I think was used up due to how much of it he gave away to people.*

*To his family thank you for sharing this wonderful man with the rest of the world. He made it easier to make it thru some difficult times because he cared.*

*God bless and keep you safe during this time.*

*Rest in peace*

*George and I worked together at the GCC for many years and would share in many laughs daily. He wouldn't hesitate to give you the shirt off his back. George was very protective of his clients and treated everyone with respect... He will truly be missed, may God continue to bless, comfort and protect his love ones...*
