“ *I remember every summer when I was child and throughout my teenager years my mom and I use to ride the greyhound bus to visit cousin Gwen and we would have BBQ in her front yard this meant so much to me because these are wonderful memories because I was to spend time with my cousin Gwen and family who I love so dearly I remember sitting in the house with my cousin Starla playing on her piano and as I played the piano I remember looking up at my mom and cousin Gwen watching us as we played they would talk to each other and laugh about their younger years my cousin Gwen never knew that I was watching her cook as I sat in the kiddie pool in the front yard I remember her making meat patties before placing them on the BBQ grill she would add BBQ sauce into her meat patties before cooking them and they were the best meat patties I had ever ate still to this day I cook my meat patties the same way and they're so good I really appreciate the time that we spent together I will really miss you cousin Gwen my Queen I always loved how you wore your hair you had the most beautiful eyes to me you will never be forgotten my dad and brothers are in heaven and they loved you so much you were my my favorite and she miss you as well you will forever be our hearts to cousin Starla we love you and we're praying for you and our family you have my condolences cousin God blessand may he strengthen you in Jesus name.*
