“ As kids we used to play with hot wheels in the sand on side of his house building roadways and small cities! We all used to play football in the ditch across the street and ride our bikes all over. I also remember Jimmy and that radio! lol he loved that radio and always used to brag about it. Until we meet again brother - Jr

“ I was recently at a gaming hall playing retro (80s) games with my grandkids, they had a few big boom box radios as decor and I thought of Jimmy when he got one for Christmas. We would sit outside all day in the summer with friends and listen to that radio he loved that thing, we stayed up all night in the summer. It feels like that was so long ago, but when I saw that boom box and games we use to play I remembered it all like it was just yesterday and now he's gone. He left us with his daughter Shayla and his 2 grandkids. Just one of the many memories of us growing up. RIP lil brother, you'll always be in our hearts. Love you, Felicia
