

Mr. Joshua Olson

May 8, 1982 - October 10, 2024

Joshua Caleb Olson, 42, of Beaumont, Texas, passed away peacefully at home on October 10, 2024, surrounded by his loving family. Born on May 8, 1982, in Beaumont, Joshua was a beloved son, brother, uncle, and friend to many. He fought a many-year battle with cancer, but never let it slow him down. Throughout his illness, Joshua exemplified the fruits of the Spirit, displaying love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, and self-control. He was a true giver, always looking for ways to serve others.

Joshua was homeschooled and later pursued his passion for art and technology at Full Sail University, where he studied 3D animation, art, and computer sciences. He became a well-known and cherished figure in his community, especially among the elderly, whom he often assisted with their computers, TVs, and other needs. His favorite part of this work was the time spent chatting and connecting with the people he helped, many of whom considered him family.

Joshua also worked in his father's furniture business, using his keen eye for color to match finishes and assist in the final touches of furniture pieces. His contributions to the shop were invaluable, and his absence will be deeply felt.

In his free time, Joshua enjoyed sketching, playing video games with his

nephews, and teaching them about art. He was also known for making the best breads and pizza, always sharing his love of cooking with family and friends. Joshua also volunteered with Soul Horses LLC, a horse rescue organization that he was passionate about. He had a deep love for animals, especially cats, and enjoyed tending to his plants and garden.

Joshua is survived by his father, John Olson; his brother, Paul Olson; sister-in-law, Jessica Olson; and his nephews, Lance, Mark, and Jack Olson, all of whom loved him dearly. He was met in heaven by his mother, Deborah Karen Olson, and his grandparents, Ruth and Raymond Olson, along with Jean and Bob Brown.

In honor of Joshua's generous spirit, donations can be made to Soul Horses LLC, where he volunteered, at soulhorsesllc.com.

“ We struggle to find words adequate to express our admiration and appreciation for Joshua. As other clients and friends have stated Joshua was always quick to help us in any way he could. He fixed every problem with our computers, phones, ipads and TVs. He never rushed except to come as soon as he could to address or problems. He would share the facts about his cancer and treatment but never a complaint. I don't even know which security system I have on my computer. Joshua just took care of everything for me. What he did always worked and I didn't have to remember the details. We miss him so much. Not just because of our technical needs but because he was of his work ethic, goodness and kindness. We pray his family will find peace and comfort in your precious memories of his accomplished life. Barbara and Michael Warren

“ I was blessed to be one of Josh's "elderly." He spent countless hours patiently trying to help me with my computer. I enjoyed our visits and will miss them. Josh was exceptional and will be missed by the ladies he helped. I know I will miss him. Rest in peace, sweet friend.

“ Joshua was best, kindest young man that I know. I miss him so much. He would come anytime my husband and I had problem with our computer, tv, or phone. Most of the time he could fix the problem on text. My husband said he could walk in the door and the problem was fixed. He became so much more than just some one to fix a problem we had. He kinda became a grandson that I never had. He loved to cook and he would talk about what he cooked. Always sounded so good. He was so good and so kind to us. Joshua loved spending time with the boys. So glad that he got to do that more. We will miss his caring voice and his help. I always called him "my hero" when he was taking the chemo. He never complained and always went to help any of us that needed him. This part of the country will be a less happy place without Joshua. Francis Thompson
