“ *I met Ms Judy just a couple of weeks before she passed. I was coming in to be her caregiver, someone to be able spend time with and love as if we had known each other forever, and the day we met she changed me forever. Her infectious smile was so amazing so beautiful and mesmerizing. Im so glad that I was the chosen if only for two weeks to spend that time with Judy, show her my love and respect for such a wonderful woman. You will be truly missed, but forever in our hearts. May you rest in peace with good lord and everyone you have been waiting to see beyond those pearly gates.*

“ Judy stayed with me for a week and we went as she called it honky Tonkin! She had herself a salty dog! She did the twist at the table and was dancing and laughing! And though she suffered from Alzheimer's she always asked me when we saw each other when are we going honky Tonkin again? You're dancing now Judy girl you're dancing now! Love you and will always miss you!

“ *It’s hard to put into words what it means to say goodbye to someone as dear as Judy. For over 40 years, she’s been a quiet but constant presence in my life—always sweet, always kind, and always full of grace. I was blessed to have met her through my best friend, her daughter, and from the very beginning, she made me feel like part of the family.*

*While my heart aches at her passing, I find peace in knowing she’s rejoicing in heaven, made whole and radiant in her new body. Her gentle spirit and loving nature will never be forgotten. I will miss her deeply, but her memory will remain a gift I carry always.*

*Sending love and prayers to the family, especially to my dear friend.*
