

## Mr. Kaseym Marcel Judon

April 3, 1986 - November 18, 2025

Mr. Kaseym” King” Judon, 39, passed away peacefully in his sleep on November 18, 2025, with the love of his life, Selicia, by his side. Born with both creative instinct and exceptional talent, King spent his life blending art and engineering in ways uniquely his own, devoting much of his career to the art of tattoo design. Behind his artistic talent was the mind of a curiously exacting technician, always excited by any challenge that allowed him to imagine something new. He was highly sought after for his intricate linework, meaningful symbolism, and a style that effortlessly blended technical precision with unfettered expression. His works became a haven for those seeking bold and meaningful body art. His clients often left feeling understood, empowered, and forever marked by his hands.

Raised with pride in his heritage, he attended Texas Southern University, a historically Black college, where he was selected to study aboard in an engineering program in China. However, King was a man who lived life entirely on his own terms. He chose to define his own path and encouraged others to do the same.. He saw the world not just as it was, but as it could be. His laughter was generous, his wisdom honest, and his presence unforgettable. Though he will be deeply missed, his legacy lives on through the people he inspires and the artwork that continues to reflect his eternal spirit...

Memorial Service

A celebration of life will be held on April 3, 2026, in Houston, Texas

# Tribute Wall
