“ My heart breaks for Kendra and Dylan. Patty was a driven, goal oriented woman that loved her children. Her work ethic was unmatched. Her laugh was infectious and you could always count on her to make you feel better. She would want nothing more than for her children to keep striving and reach all their goals. Wishing her and her family peace.

“ Wow! I am still in shock and can not believe you are gone. I wished I could have solved all your life troubles. I know we had been apart for several years, but I never forgot about you. I wished I would of spoke to you on your last Birthday instead of sending you a message through Facebook. We fought like sisters and loved each other the same. We had many great times over 20+ years of our friendship. I Love You. Rest in Peace. Michelle Miller

Patty really was not a good person...good people don't get into shootouts with the police and hold family members hostage if they are good people, think about this for a second everyone honestly...
