

Mr. Presley Robershaw

June 14, 2000 - June 23, 2020

Mr. Presley Robershaw was born in Webster, Texas at Clear Lake Regional Hospital on June 14, 2000 after a long complicated pregnancy. His parents, Linda and Daniel, jokingly called him their Million Dollar miracle baby.

Presley was a highly intelligent child with a constant sense of wonder. In the first grade he told a teacher that, "You need to work on your math skills", because she wasn't aware he understood the concept of negative numbers! It didn't go over very well!

As a teenager, he loved to explore the neighborhood woods and came home more than once with various fractures from jumping out of the trees. He was a boy's boy. He also loved his trampoline, that would "mysteriously" move around the backyard, and was a gamer into adulthood.

His smile would light up any room he was in. He had a heart of gold and always wanted to help anyone in need. He also loved joking around with his friends and family.

Presley is survived by his mother: Linda Adams; bonus dad: Hub Adams; his father: Daniel Robershaw; bonus mom: Catherine Robershaw; brother: Michael Robershaw, and sister-in-law Amber Adams; grandparents: Dan Mcneel, Don and Sharon Robershaw; as well as too many aunts, uncles and

cousins to list.

Presley mysteriously passed away in his sleep on June 23, 2020. Only 9 days after his 20th birthday. Presley is gone from this earth much too soon. He is loved by all and will live on in our hearts forever.

“ Hi Presley met ya once or twice at a Jeep meet way back in 2014 when the world was more kind. We spoke a brief moment each time but ya always said your “hello’s” . As you know ya momma is tough as nails and well taken care of. Hub and the family are keeping a watchful eye on her so don’t worry about her kiddo. You just keep her in a tight embrace.
I agree with everyone you left us way too soon . It saddens our hearts. Rest In Peace.

HE

“ Presley was my first friend, we spent 10 years of our childhood together- a 10 years I'll never forget. The 5 hour road trips were spent with Presley by my side, the late nights of watching movies, and even the days where he'd watch Hannah Montana with me because even though he didn't like it, he knew that I did. Presley has been a selfless and sweet soul since the start, getting straight A's from early childhood and grew up to be an amazing young man. I'll never forget the memories I had the honor to share with my sweet friend and Linda.

“ Such a sweet young man. Pres was here the night of hurricane Harvey. He paddled Beaux around in the backyard in our canoe💖. He was taken too soon and my heart is broken for his family and friends.

“ Such an amazing life was lost way too soon. When I think of Presley I think of how kind he was to me! He was so friendly and he was full of big hugs which is something I loved!! I think of the love in Linda's eyes every time she spoke of him, they would light up and every story she told all the way back as far as I can remember! He was a good kid and a great young man and he will be remembered forever for his loving kind heart! Love and prayers, Kim Hays

“ I will forever be Aunt Donut because of Presley. We had so many long talks. And he stole my heart. Most sarcastic kid I've ever met. Loved him like my own. Can still hear him saying I'm Pwesley Donald Honinhaw in his sweet little innocent voice. Can hear that and Aunt Donut plain as day in his voice in my head. He left a big mark in my heart. And it will always be there. I'm glad he was a big part of my life. Love you Presley. We shall meet again in Valhalla.
