“ Mom was always a hard worker. She rarely had full days off and never once complained about it. There were many times I came home from school and she'd already be at work and I'd go to bed not seeing her that day, but she always woke me up to tell me she made it home and many times I got up to talk to her for a few minutes before she went to bed. Just knowing she was home always made me rest easier and I love time with my mommy :) I will also never forget our summer trips to Nebraska. 2 weeks of clean, fresh air and relaxation and quality time with mom. We always drove to and from and enjoyed driving past the same land marks each year. It was funny to see how many things never changed from year to year. Those trips to Nebraska with mom were absolutely priceless and I will never ever forget them. Love you always mom

I love you my sister Kathleen!!!! You and I were there for her final months, as hard as they were I wouldn't change that for all the money in the world.
