“ *Shy, I will never forget how much you just laughed and laughed the first time I met you here in Georgia. The stories you shared with Will about your mom. The other stories about your little bro. I am so grateful that God allowed us to meet, and feel sad because that was the only time we'd physically speak and greet one another.*

Sending condolences and love to all of the family.

“ Really going to miss you sis! I remember the good times we shared and all of the fun times we had, especially those long conversations we had in the sun room at the house.

Thank you for always being there and supportive. You already knew this...but I love you. We all love, and will miss you.
