“ Terri is my niece. From childhood and throughout our adult years, we remained extremely close. I love Terri more than words could ever express. We talked so much, our conversations could last an hour or more. Her death hit me extremely hard. It's still hard to believe she's gone. I find my comfort in knowing where Terri is now. She and I talked about her faith many times. Terri loved the Lord and knew she would be with him one day. She'll never suffer pain again. My heart hurts for her husband, Don, her children, Angie, Rachael and Timmy. Her sister, Chris, brothers Barry & Doug and all of her extended family who loved her so much and who she brought so much joy to in her lifetime. I would have loved to see her smiling face when she saw her parents, her brother, grandparents and all of the other loved ones who had gone before her. I will cherish every memory I have of and with Terri. She was a wonderful woman. Anyone who knew her was very lucky to have had that privilege. I am a very proud aunt to have had the honor of calling her my niece. RIP Terri, save a place for me. Loving and missing you today and forever! 💔😭🙏✝️
