“ *without a doubt, I have lost a part of my family. many of my childhood memories come from Toy. everything from watching the moon landing, to my first new bicycle, to being enthralled with his admiration for Elvis, a real understanding of Viet-Nam, and mostly, a real example and influence on being one of the good guys and the benefits that came with that. years and life drew us away from each other and that is a real shame because i could have continued learning...*

*I will see you again Toy... -Dooner (Roy Crater Jr.)*

“ *This was a great man, father, and grandfather. My memories of him go back as far as my high school years which are over 30 years ago. Dad (Toy) was funny, caring, and great at portraying Elvis. He will be greatly missed and I don't want to say goodbye but see you again one day. My extended family, my thoughts and prayers are with you. If you need to talk someone, you know my number.*

“ Toy was a sweet, great man. I'm his old friend Adrian's youngest daughter Meg. He was around a lot growing up in Galveston then La marque. He Always had a handsome smile, vneck white Tshirt and cool sunglasses and a tan. His stories and jokes will never be forgotten. Although time and circumstances make us grow apart I will never forget him or his wit and humor. May he be at rest and peace with the King! Toy u will always loved by the LeBeau's, my dad sisters me Liam Matt and Rachel! We love u. Judy stay strong.
