“ I was the youngest Middlebrook grandchild and Wanda and I use to speak some on the phone. She use to have flowers placed on her parents, grandparents, and brother’s graves. My daughter is trying to update flowers on my mother and fathers graves. She said Wanda’s marker was blank and I’m just now seeing this. Sorry for your loss. My daughter now knows my father’s two sisters are buried there. Wanda cared about them having flowers. Candace Middlebrook Perkins.
