“ *Steve as most called him, was a great man. Served our country in the Navy receiving countless medals from protecting our country in the deep waters on many submarines. A man of many words and very quick witted, he would always take the time to listen and cared about everyone he met always offering to lend a hand. We weren't friends for long however for the short time he was in my life I loved him like a brother that I wished for all my life. I miss him and grieve his passing everyday. I can only hope he is joined by his wife Sandra who passed away the month before him and that they are no longer in pain.*

If you had the opportunity to meet him please share a memory.
